

Position: Video Editor

We're a boutique-marketing agency that helps businesses increase brand awareness and sales through all types of marketing, including video. The Video Editor should have a creative eye, experience with Premiere Pro, passion for meeting deadlines, and desire to stay up-to-date with the latest tools. You'll also get hands-on experience in other areas of production and post production including studio/lifestyle photography and photo editing. The ideal candidate has a knack for bringing a message to life and taking a basic video to the next level.

If this sounds like you, then we'd love to talk to you!

Responsibilities:

- Create rough and final cuts
- Input music, dialogues, graphics and effects
- Ensure logical sequencing and smooth running
- Support production needs of brands through development of video for highlight reels, testimonial clips, fun and engaging teasers, social videos and more
- Continuously discover and implement new editing technologies and industry's best practices to maximize efficiency
- Proactively research to find solutions to problems as they arise
- Proven work experience and understanding of creative processes & video production workflow
- Strong communication, interpersonal, and collaboration skills
- Other duties as assigned

Required Knowledge, Experience and Skills:

- Degree in Digital Media, Video Production, Film Editing, or a related field
- Entry level, 1-2 years of relevant video editing experience preferred
- Highly organized, detail-oriented and able to manage/execute multiple ongoing projects
- Solid understanding of how cameras, lighting, and sound recording works
- Experience with photo, video, and audio editing
- Fluent in Premiere Pro and After Effects
- Experience with sourcing music, sound effects, stock photos and stock videos
- Desire to better yourself and grow
- Must be proactive and be able to work independently with little or no supervision
- Solid computer skills, including Adobe Creative Suite, YouTube, Vimeo and DropBox
- Solid understanding of digital content, communication, and marketing principles

Non-essential Experience:

- 3D Animation experience
- Animation skills for web applications
- Graphic design for web and print experience
- Still photography experience
